Hectic Sunday for new CM

First officers, then MLAs, then temples...

Bengaluru, May 20 (KMS& BCT)- After days of high voltage drama in Karnataka and BJP witnessing the fall of its three-day-old government yesterday and JD(S) State President H.D. Kumaraswamy picking up his invite to be the next Chief Minister from Governor Vajubhai Rudabhai Vala, it was a hectic day of activity for Kumaraswamy this morning.

He is scheduled to take oath at Kanteerava Stadium in Bengaluru on May 23. Sources in Bengaluru told *Star of Mysore* that he will take **oath between 12 noon and 1.50 pm on that day.**

Kumaraswamy's day began today with a meeting with Chief Secretary K. Ratna Prabha and Director General and Inspector General of Police Neelamani N. Raju at his J.P. Nagar residence. He directed them to make proper arrangements as over three lakh people are expected to witness the grand event. Later, Kumaraswamy drove to Hotel Le Meridian near the Race Course and addressed a meeting of the newly-elected MLAs.

Speaking to reporters, Kumaraswamy said that he will leave to New Delhi tomorrow to meet Congress President Rahul Gandhi and his mother Sonia Gandhi to invite them for the swearing-in ceremony. "Tomorrow morning, I am going to Delhi and I want to meet Sonia Gandhi and Rahul. Just 24 hours after the oath, I will prove the majority," Kumaraswamy said. He added that there will be **no rotational Chief Ministership** arrangement with Congress.

After addressing the party workers, Kumaraswamy will leave for **Sri Ranganathaswamy Temple at Tiruchirapalli** in Tamil Nadu along with his bother H.D. Revanna. Both the brothers are likely to visit a **temple in Kerala** and return to Bengaluru tonight.

Kumaraswamy's swearing-in is likely to serve as a show of opposition for non-BJP leaders across the country. The Congress and JD(S) alliance aims to project the win as massive victory with Opposition leaders like

Mamata Banerjee (Trinamool Congress), Mayawati (Bahujan Samaj Party), Akhilesh Yadav (Samajwadi Party), N. Chandrababu Naidu (Telugu Desam), K. Chandrashekar Rao (Telangana Rashtriya Samithi) and others expected to attend.

After meeting Sonia and Rahul in New Delhi tomorrow, Kumaraswamy is likely to fly to Lucknow to invite Akhilesh Yadav and Mayawati to his swearing-in ceremony.

Campus Placements at JSS Science and Technology University

Three students offered Rs. 26 lakh package

Mysuru, May 20- Annual campus placements are significantly rising year by year at JSS Science and Technology University (SJCE).

This year, companies visited the campus in full strength offering higher pay packages for the selected students.

The highest pay package offered this year is Rs. 26 lakh per annum to three students by a major software company from Bengaluru. There is a significant increase in average pay from Rs.4.68 lakh CTC (Cost to Company) to Rs. 7.5 lakh CTC per annum.

Overall 750 offers were made to 554 engineering students by 145 companies while MBA students have bagged 76 offers. The pay packages offered by the companies have shown a remarkable increase of 30% in offer this year.

Another noticeable aspect this year is that over 100 students have been offered internships for six months converting them into full time job offer later, according to a press release.

EDITOR'S BOTTOMLINE

I took my first ride recently on the oft-written and talked about Namma Metro, and wanted to share my thoughts and feelings. On a lovely morning that gushed perfect Bengaluru weather, my husband and I set out for our first ride in the Metro. I am in my early 60s but the child in me took over and I was thrilled. Moreover, I have not travelled much in India and never been abroad, hence it was a novel, exciting adventure. My first impression of the station at RV Road in South Bengaluru was that it was so big and clean. The signs were clear, and the staff courteous and ever willing to give tips — the quintessential behaviour of home-spun Bengalureans.

Oh, this augured really well! I found people forming queues to board the train, a kind of discipline that made me pinch myself and question: Hey, is this really *'namma ooru'?*

We were told that the Majestic Metro station was 60 feet underground; imagine how difficult it must have been digging through all the barriers to get the massive station going! We citizens crib and criticise all the time, but pause for a moment to think how many man-hours, precise planning, workers unseen and unheard of toiling day after day, would have gone into ensuring our quick and comfortable joy ride. We spoke to the staff, mainly women, manning the platforms. They work long hours and are standing almost all the time, yet they all seemed cheerful and chatty.

NEWS SPARKLERS

A movie with five different endings

New York: 'The Angry River' is a short interactive film that uses eye-tracking technology and artificial intelligence to gauge who the viewer looks at and where their eyes linger most on screen before editing itself into one of five possible story-lines, to suit the viewer's interest.

Armen Perian, the filmmaker behind this ground-breaking project says that he was inspired by something one of the members of his editing team said three years ago. It sounded crazy at the time, but a seed was planted in Perian's head, and with the advancement in artificial intelligence, that crazy idea became reality.

The movie itself was shot in Oregon and then edited into five distinct narrative perspectives.

The 'Angry River' plays like a normal movie, but in the background, eye-tracking technology collects data on what the viewer is most interested in and feeds it to an algorithm which then decides how the movie changes based on what is being viewed.

So instead of directors and editors deciding the outcome of the story, viewers get to do it themselves.

Blood tests at dinner parties

London: Getting your blood tested, getting a nutritional breakdown of every piece of food you out in your mouth and talking about high cholesterol and vitamin deficiencies sound more like a hospital visit than an enjoyable dinner party, but they are at the core of a new trend among health freaks – health optimisation parties.

One of the highlights of a health optimisation party is having blood samples taken by a professional and analyze everyone's blood for cholesterol, thyroid function, vitamins, minerals and markers for cardiovascular disease. After the guest's blood has been harvested, it's finally time to enjoy some drinks and fine food.

Blood tests take a while, but as soon as they are ready, a 30-minute telephone consultations to each, commenting on the results and offering personalised lifestyle advice is provided.

HEALTH CAPSULE by Bron Smith

Does aerobic exercise benefit the brain?

A University of Ottawa study has added to the body of evidence that aerobic exercise benefits the brain, promoting neurogenesis, or neuron repair and formation. It was previously thought that brain neurons do not regenerate themselves.

City Professor at Spain Meet

Mysuru, May 20 - Dr. V. Niveditha, Principal and Head, Department of Communication and Journalism, St. Joseph's First Grade College, Jayalakshmipuram, was invited to participate in the 13th Annual Global Communication Association Conference in association with University Rey Juan Carlos, Madrid, Spain, from May 16 to 19. She presented her research paper titled *'A study on News Consumption and Incorporation of Digital Media in classroom teaching among UG level academicians of Mysore City'* under the theme of the Conference — Populism, Media, Politics and Immigration in a Globalised World.

Community Living Camp for Vidya Vikas B.Ed students

Mysuru, May 20- Dr. N. N. Prahallada, former Associate Professor of Education, RIE, Mysore, called upon teacher trainees at Secondary School Level (B.Ed.) to be more responsible in discharging their duties as responsible citizens and to make students participate in all the school activities.

He was speaking after inaugurating a three-day Community Living Camp (CLC) of Vidya Vikas B.Ed. College on Bannur Road here on May 17.

He said that community living camp's main aim was to make teachers more socially responsible and to strengthen social relationship in the immediate community. The art of living in a multi-cultural setting is indeed a herculean task. Community teaches values such as honesty, mutual trust, healthy social relationship, mutual respect, equality of male and female, national integration, communal harmony, religious tolerance through secular attitude, tolerance and patience. Teachers have more moral responsibility in shaping a student's life, he added.

Prof. Rajgopal, Principal Vidya Vikas B.Ed College, welcomed. Prasanna, Faculty, VV B.Ed College, was the coordinator of Community Living Camp.

Really...?

- ***There is a common belief that humans swallow an average of eight spiders every year. This would mean that we swallow on an average 52 spiders during our lifetime. But in reality, the odds of that are actually zero. It's very unlikely for a spider to come crawling near a human, let alone crawl into the open mouth! Spiders detect danger by sensing the vibrations taking place around them. When a person is sleeping, their breathing, heartbeat, tosses and turns, snores, and the sounds they make during the course of their sleep are clear signs of danger for a spider. So, it's unlikely that a spider would venture near a sleeping person!***

LAUGHTER THE BEST MEDICINE

VOICE OF THE READER

More on 'widened' Hunsur Road curve

Sir,

Apropos Narasimha Murthy's letter in *SOM* dated May 17 which focusses on a very important issue, I would like to add up one more thing. The accidents occurred on the other side of the Hunsur Road. The vehicles hit the tree which is on the curve. The tree which was about five feet away is now on the edge of the road inviting more accidents (observe the scar on its trunk). Instead of nailing reflectors, such trees should be removed.

During last Dasara, *SOM* had highlighted the photos of many dried up trees and branches sent by me through WhatsApp. The people concerned have removed them now. As this is the best time, I request the environmentalists to plant some more saplings in between the old trees, leaving out the corners.

Make traffic offenders pay for their mistakes

Sir,

I fully agree with Dr. S. V. N. Vijayendra when he says that signal jumping is on the rise in Mysore of late *(SOM* dated May 18). AIISH Circle is not the only junction where this happens. Of late, we see such violations in every junction across Mysuru. Strength of Traffic Policemen in the city is not adequate to Police all the areas of the city. In any case, these offenders do not bother even if a challan is issued to them. I have the following suggestion: Authorities should issue cameras to select law-abiding citizens who are frequent road- users. With authorization from the Police, they should record violations whenever they come across someone trying to outsmart the system.

Police can trace the offender and recover his insurance details. The details should be shared with all major insurance companies. When the policy comes up for renewal, they should not only do away with the "NO CLAIM" bonus but instead should hike up the premium.

They should be made to realise that they need to pay a price for their heroic adventures.

Ankaveera Puraskar

Keerthi Yuvathi Mahila Mandali and Bhavanjali Jnana Samsthe have invited applications from students who have secured distinction in SSLC and PUC exams and also those who have secured highest marks in Kannada language to present 'Ankaveera Puraskar.' Eligible students may send their biodata along with marks card copy attested by the Principal, two passport size photographs, mobile number to Manjula Ramesh, President, Keerthi Yuvathi Mahila Mandali, #112/A, Manchegowdana Koppal, Vijayanagar Post, Hebbal, Mysuru-570017. Last date to submit application is May 26. For details contact Mob: 99452-47992.

Yeddyurappa resigns before Floor Test

Kumaraswamy to take oath as new CM on Wednesday

Gets 15 days to prove majority

Bengaluru, May 20 - After failing to achieve the magic figure of 111, Karnataka Chief Minister B.S. Yeddyurappa (BSY), in a dramatic move, resigned before the Supreme Court-ordered trust motion on the floor of the Assembly a little after 4 pm yesterday.

Yeddyurappa and other BJP leaders who, until yesterday morning, exuded confidence of winning, was outsmarted by the Congress-JD(S) combine that succeeded in keeping its flocks together while a string of sting videos, allegedly of BJP's attempts to bribe Opposition Legislators, clouded the social networking space over the past two days. The 75-year-old, who took oath as the CM for a third stint on Thursday, delivered an emotionally charged speech, reiterating his commitment to work for the farmer, downtrodden and backward classes, before announcing his resignation, spelling an end to the three-day-old BJP Government in the State.

Yeddyurappa's resignation has paved the way for a government led by JD(S) Chief H.D. Kumaraswamy (HDK) with Congress support. The alliance has claimed the support of 117 MLAs in the 224-member House.

Yeddyurappa and his loyalists made all the efforts to win over at least 14 Lingayat Legislators from the Congress and draw some of the JD(S) Legislators who were believed to be unhappy with the party's post-poll alliance with the Congress but the SC's order to telecast the Assembly proceedings live left the BJP with little option for 'Operation Kamala' on the floor.

Karnataka will be ruled by an unholy alliance: BSY

The emotionally charged Yeddyurappa began his speech by attacking the JD(S)-Congress combine, calling it ''unholy and unscrupulous,'' against the poll mandate. He said that the people of Karnataka will now be "ruled by an unholy alliance."

Yeddyurappa said: "I've been given a mandate of 104 seats, people have given their blessings. We were only 40 in the outgoing Assembly. But the people of the State have rejected Congress; and their support has reduced. Everyone in the State knows this." Concluding his speech, Yeddyurappa said: ''I had hoped that Legislators sitting on the other side would realise the kind of development that would be possible under Modi. They agreed, but in politics it is different. We will win all 28 Constituencies in 2019."

Kumaraswamy to take oath as CM on Wednesday

After BSY, in an emphatic speech, conceded defeat ahead of the floor test, all decks have been cleared for H.D. Kumaraswamy (HDK) who will take oath as the new Chief Minister on Wednesday. Though the swearing-in ceremony was planned for Monday, it was changed due to former PM Rajiv Gandhi's death anniversary.

The swearing-in ceremony is likely to take place between 12 noon and 1 pm. The Congress has also extended an invitation to other Opposition parties to attend the swearing-in ceremony.

Yesterday evening, Kumaraswamy met Governor Vajubhai R. Vala to stake claim to form the Government. Kumaraswamy, after meeting the Governor, announced that the JD(S)-Congress will form the new govt.

Talking to media persons, Kumaraswamy said that he will personally call all regional leaders and added that he will be speaking to both Sonia Gandhi and Rahul Gandhi and will be discussing the modalities on forming the new government.

The JD(S) leader has invited West Bengal Chief Minister Mamata Banerjee, Andhra Pradesh Chief Minister N. Chandrababu Naidu, BSP Chief Mayawati and others for the swearing-in ceremony.

Taking a jibe at the BJP and BSY, he said that the JD(S)-Congress combine will call for an Assembly Session to prove majority as soon as possible. "We don't need 15 days," he said.

Chief Minister for 55 hours

Entry on May 17 | Exit on May 19

Yeddyurappa, who was sworn in as the Chief Minister of Karnataka for the third time on Thursday, resigned from the post only in 55 hours. He resigned after giving an emotional speech shortly before the trust vote was taken. With that, Yeddyurappa has now the dubious record of one of the shortest stint as Chief Minister of a State.

Some of the CMs who were in the office for very few days are Jagdambika Pal - CM of UP for three days from Feb.21 to Feb. 23 in 1998; Satish Prasad Singh - CM of Bihar for 5 days from Jan.28 to Feb.1 in 1968; S.C. Marak - CM of Meghalaya from Feb.27 to Mar.3 in 1998; Janaki Ramachandran - CM of Tamil Nadu for 24 days from Jan. 7 to Jan. 30 in 1998; B.P. Mandal - CM of Bihar for 31 days from Feb.1 to Mar.2 in 1968; C.H. Mohd. Koya - CM of Kerala for 45 days from Oct.12 to Dec.1 in 1979; B.S. Yeddyurappa - CM of Karnataka for 7 days from Nov.12 to Nov.19 in 2007.

I will not die for power, I will die for my people: Yeddyurappa

Bengaluru, May 20- Taking a potshot at Congress-JD(S) CM candidate, H.D. Kumaraswamy, without naming him, Yeddyurappa yesterday recalled that some leaders had said during the campaign that they would die if they were not elected to power. "But I will not die for power, I will die for my people, because they are the masters in a democracy. I will tour the State and we will win 150 seats in the next Assembly elections, which may happen anytime. I will put in my papers due to a conspiracy of the Congress Party," he said before leaving the Assembly, shaking the hands of the Opposition and his own party's leaders.

Before leaving for Raj Bhavan to hand in his resignation at the end of what was one of the shortest tenures of any government, Yeddyurappa announced in the House that he would not rest until the BJP won 28 Lok Sabha seats in the 2019 general election and 150 seats in the next Assembly polls, which he predicted could happen anytime.

Yeddyurappa, recalling his political struggle since the days when the BJP had merely two MLAs in the House, reiterated that he would work for the people and his party till his last breath. "Ever since the party named me its Chief Ministerial candidate, I toured the State and connected with the people through the 'Parivartana Yatra.' And they gave us 104 seats, while rejecting the Congress and JD(S). But both parties have come together to form an unholy alliance," he said, and added: "If I were to continue in the Chief Minister's post, it would be a different scene altogether for the State with development work being carried out on a war-footing through greater financial assistance from the Narendra Modi Government at the Centre, making Karnataka a model State of the country."

TEASER

By N. Prakash

MP Pratap Simha uploads his disappointment on social media

Bengaluru, May 20- Deeply disappointed over B.S. Yeddyurappa's (BSY) resignation as the Chief Minister after failing to prove majority in the floor of the Assembly yesterday, Mysuru-Kodagu MP Pratap Simha uploaded his emotional feelings on social media. Coming out with his feelings, a teary-eyed Simha said that he was very much moved by BSY's resignation.

Pointing out that he (Simha) had shed tears when Atal Bihari Vajpayee had to tender his resignation as the PM in 1996,

Pratap Simha

he said that history has repeated itself after 22 years now, with Yeddyurappa having to quit as the CM under the same circumstances.

Claiming that he has seen Yeddyurappa for years, Simha said that Yeddurappa was a man who always thought about the welfare of people just like PM Narendra Modi. Although Yeddyurappa was not disappointed for having to quit, he had regrets for everything that happened in the last moments, that blocked his way to power.

Also, he (Simha) saw Yeddyurappa's trauma when he had to quit as the CM when he (BSY) had all the plans for welfare of the people, Simha said.

But a few minutes later, Simha removed his live video from Facebook page, it is learnt.

Operation Kamala Fear

JD(S)-Congress Legislators made to stay in hotels

Bengaluru, May 20- Though B.S. Yeddyurappa failed to prove majority yesterday, the fear of 'Operation Kamala' is still haunting the JD(S)-Congress.

In a bid to save the party MLAs from being poached by the BJP, the leaders of both JD(S) and the Congress have made their MLAs to stay in hotels till they prove their strength and their Government comes to power.

While the JD(S) MLAs are staying in Hotel Le Meridien, the Congress MLAs are staying in a hotel owned by former Minister K.J. George near HAL in Bengaluru.

WEALTH OUT OF WASTE...

MCC, ITC join hands to revamp solid waste management

Mysuru, May 20 (RK&BCT)- Solid waste management in Mysuru is set to witness a major revamp within two or three weeks, thanks to the highly ambitious and well-intended project of the Mysuru City Corporation (MCC) called 'WoW' or 'Wealth out of Waste.' It aims to segregate garbage at the point of generation and pack it into different coloured bags for recycling.

For this, the MCC has tied up with ITC Ltd., which has successfully implemented WoW in Bengaluru, twin cities of Hyderabad and Secunderabad and Khammam district of Andhra Pradesh, Coimbatore district of Tamil Nadu and parts of Chennai. The MCC has recently signed a Memorandum of Understanding (MoU) with the ITC and the project will see the light of the day in about two to three weeks from now.

The project is a two-year-old ITC initiative to create public awareness about the concept of 'Reduce-Reuse-Recycle' to improve environmental hygiene and have a clean, green society. The objectives include educating masses for source segregation, generating less waste and recycling it more.

Non-segregation of wet waste and solid waste (plastic) at source is a big headache for MCC. While the wet waste can be converted into compost, the dry waste is usually dumped in landfills. And most of the dry waste is not bio-degradable. Plastic is one such item.

The Sewage Treatment Plant at Vidyaranyapuram in Mysuru where all the solid and wet waste are dumped without segregation. While the wet waste is turned into compost, dry waste including plastic are sent to landfills.

At present, most of the city residents do not segregate waste and they mix them while handing over the bags to the garbage collectors who come to their houses on a regular basis. This practice is despite the MCC providing two different containers to households.

Even if the waste is separated and handed over, the garbage collectors mix them in their vehicles. This has made MCC's job tough as it is impossible to segregate waste once it is mixed up. The result: Tonnes and tonnes of solid waste ending up at landfills.

As per the 'WoW' initiative, the ITC, as part of its Corporate Social Responsibility (CSR), will collect dry waste for a period of three years and hand it over to firms recycling them.

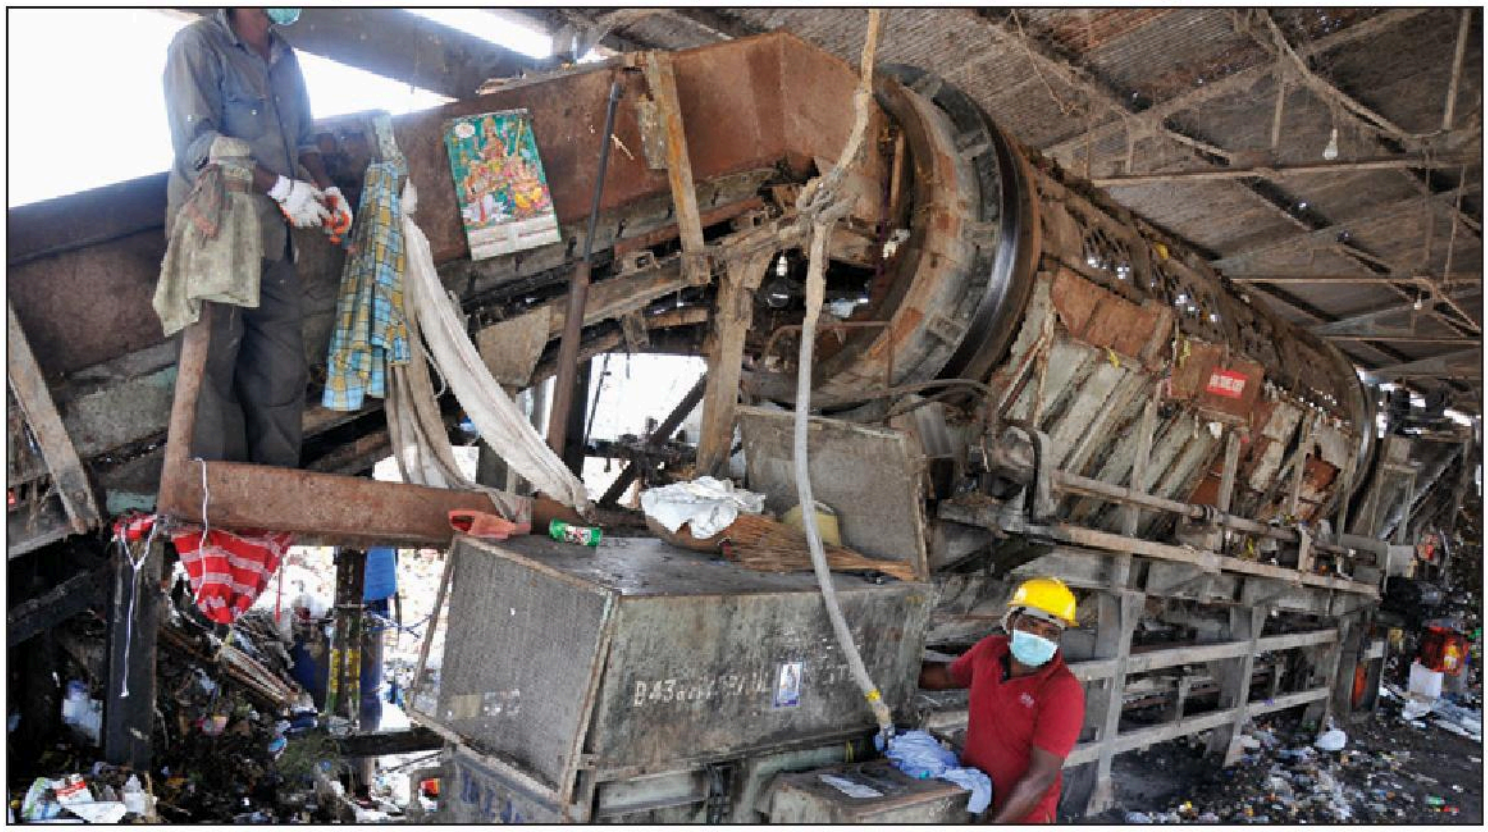
Speaking to *Star of Mysore*, Dr. Nagaraj, MCC Health Officer and Nodal Officer - Swachh Sarvekshan, said that the 'WoW' project will be implemented across the city where the ITC will freely distribute two bags (20-30 kg capacity) to each household: Blue to collect plastic, metal and glass among others, while white for collecting waste paper. These bags will then be collected by the garbage collectors and dumped at the Solid Waste Management plants from where ITC will pick them up. Later, the ITC hands over the garbage to recycling industries.

The bags can be placed in any corner of the house and dry waste can be stored in them. These bags can be handed over to garbage collectors once a fortnight or a month, he said.

"Due to the election Model Code of Conduct, we could not implement the scheme and will launch it soon. To motivate garbage collectors, a certain amount will be paid by the ITC if they collect separated garbage from the households. We have worked out a revenue model where each garbage collector gains an additional income of Rs.100 to Rs.150 by collecting solid waste," he said.

ITC's 'WoW' programme is a flagship initiative that seeks to address the crucial issue of post-consumer waste management in line with the Government's `Swachh Bharat' programme, ensuring the proper segregation and recycling of waste in a manner that protects and restores the environment, ensures the cleanliness and hygiene of neighbourhoods and in the process, creates sustainable livelihoods for a whole host of participants in the waste management process.

This programme is today being actively propagated and is receiving widespread support across eight cities. The programme started with a collection of just 10 Metric Tonnes (MT) of recyclables in 2007 has now swelled to collections of over 20,000 MT.



MCC Pourakarmikas and the people who manage the Sewage Treatment Plant find it difficult to segregate tonnes and tonnes of non-degradable waste from the wet waste. If the waste is separated at source, it will help in better management of waste disposal.

Three Policemen including ACP
have a miraculous escape as tree falls

Mysuru, May 20 (YDS&DM)- Three Policemen including an Assistant Commissioner of Police (ACP) had a miraculous escape when a tree located in the City Police Commissioner's office got uprooted due to heavy rains and strong wind on Saturday night.

N.R. Sub-division ACP C. Gopal, ASI Doreswamy and Head Constable Mallikarjunappa, who had come to the Police Commissioner's office on work, were about to board their vehicle at about 8.30 pm, when a tree, unable to withstand strong wind and heavy rains, came crashing down on the vehicle causing extensive damages, it is learnt.

In another incident, a tree fell near Nazarbad Police Station. However there were no injuries or damages. The MCC's Abhaya team which rushed to the spot, removed the tree and cleared the road.

Elsewhere, water clogging was reported from K.R. Circle, Yadavagiri Railway under bridges, Valmiki Road and other areas.

There were also reports of storm water gushing into houses in low-lying areas of Janatanagar, Medar Block, Madhuvana layout etc. Heavy rains also disrupted power supply in Jalapuri, J.P. Nagar, Udayagiri, Raghavendranagar, N.S. Road, Shantala Theatre, Mandi Mohalla, Ramakrishna Nagar, Dattagalli, Paduvarahalli and other areas.

Bone Marrow Density screening camp

Mysuru, May 20- The JSS Senior Citizens Helpline will be organising a one-day Bone Marrow Density (BMD) screening camp for senior citizens at JSS Hospital on May 23. The camp will be open from 10 am to 1 pm. For details, call Ph: 0821-2548253/ 2448138.

State-level poetry contest

Mysuru, May 20- As part of Rashtrakavi Kuvemu's 114th birth anniversary, K.R. Nagar tour-based Gramantana Buddhijeevigala Balaga, will be organising a State-Level poetry contest for which it has invited entries from poets. Contact, call Mob: 94496-80583 before June 30.

Abracadabra... Abracadabra...

By K.B. Ganapathy

King-maker becomes the King

BJP's defeat in victory

In Karnataka BJP is its own enemy since it began to bloom in 2006. Some front-line leaders, who could not win any seat for BJP except their own, wanted to usurp the chair of Yeddyurappa

B.S. Yeddyurappa

H.D. Kumaraswamy

D.K. Shivakumar

Siddharamaiah

Yesterday was Saturday and the whole country watched with bated breath the Saturday Political Fever of Karnataka. Voting was on May 12, 2018 and when the results came on 15th May 2018 the numbers were as follows: BJP 104, Congress 78, JD(S) 38 and others 2.

The exit polls predicted a hung Assembly with the exception of *Today's Chanakya* and *Yours Truly*. Both of us were not too far off the mark though, what with BJP crossing the two-digit mark with a shortfall of 8 for the magic number of 112 while others, Congress with 78 and JD(S) with 38 remained two digits.

However, the FACT is that it was a fragmented mandate ending up with a HUNG Assembly.

It is said in jurisprudence, that he who is first in time is first in law. However, in democratic electoral battles this dictum does not hold good unless the numbers favour the party or the party-in-alliance. This exactly is what happened yesterday. Congress, having learnt its lessons about the importance of stitching up a coalition with the other willing parties to garner required numbers faster than the BJP, as it happened in Goa, Manipur and Mizoram, moved with lightening speed this time and joined hands with JD(S).

This done, the Congress-JD(S) combine staked claim to form the Government. Of course, BJP was faster than lightening when it approached the Governor, a BJP man. Here too Congress-JD(S) lagged behind by one hour! By the way, this tradition of appointing party men as Governors was laid down by the Grand Old Party (GOP) of India, Congress itself. The BJP staked claim to form the Government with a vague promise of cobbling up the magic number 112 while Congress-JD(S) has already had its majority with clear-cut figures.

But, an obliging Governor hurriedly got Yeddyurappa, the BJP's LP leader, as the Chief Minister with no others sworn-in along with him. It looked funny and odd. What kind of a Cabinet he would head? And yet he had the audacity to transfer 5 IPS Officers as his first act as a fresh Chief Minister! Strange.

No wonder Congress-JD(S) combine after staking claim to be invited to form the Government went to the Supreme Court at midnight to stay the swearing-in of Yeddyurappa the following day at 10.30 am. The Supreme Court too must have wondered at the vulgar hurry of the Governor in agreeing to swear-in Yeddyurappa the next day May 17 morning and gave a night-long hearing till dawn to the Congress-JD(S) combine's plea. But, the SC in its wisdom and because of the Constitutional power of the Governor, did not stay the swearing-in as prayed for.

However, the Supreme Court, in its Solomon-like wisdom, cut down the 15 days time given by the Governor to Yeddyurappa to prove his majority in a Floor Test in the Assembly, (Bommai case), to 24 hours+. And lo and behold this made all the difference because there was no time for BJP for indulging in 'horse trading' or 'Operation Kamala' for which Karnataka BJP is famous. And now the result is before us. The JD(S), which was derisively called an eternal King-maker in Karnataka politics and a party which was called by Congress and Rahul Gandhi himself as the B-Team of BJP and in his public speech sarcastically expanded JD(S) as Janata Dal Sangh (meaning RSS), has now become the King.

As I watched the Karnataka political drama unfold, I remembered a book by the veteran journalist and author, T.J.S. George, the only surviving highly respected commentator on Indian politics, ***"The First Refuge of Scoundrels — Politics in Modern India."*** Needless to say the title was inspired by the statement of Samuel Johnson who famously said that 'Patriotism is the last refuge of a scoundrel'. A collection of his articles, the book was first published in 2003. We are now in 2018. George's observations are so very prophetic, nothing has changed in Indian politics since and it was the same in Karnataka politics yesterday.

According to George, INC means not **Indian National Congress** but **Indian National Character** and the INC was in brazen exhibition of this character the day-before-yesterday and also yesterday in the Supreme Court of India and the Karnataka Legislative Assembly. I know T.J.S. George is honoured with a *Padma Bhushan* but now, after watching the Karnataka politics, I recommend a *Padma Vibhushan* to George for his such precise surgical dissection of Indian mind when it comes to politics.

The Karnataka election 2018 has, however, exposed the hypocrisy of our politicians in compromising the very ideology of their party for the sake of power.

Take Indian National Congress. We can't think of this party without thinking of Mahatma Gandhi. I know, even now, people past age-60 in remote villages and in poor habitats give vote to Congress because of their veneration to Mahatma Gandhi and Nehru. This party, having ruled India for over six decades in the Centre and States, has over the years manipulated or destabilised all the Constitutional Institutions. Why, the Constitution itself (remember 1975?). Be it Armed Forces, Election Commission, Law Courts, Bureaucracy, Universities and even Scientific Institutions. Now without power at the Centre and in almost all the States, INC is feeling breathless like a fish out of water. Hence ready even to shake hands with those who have absolutely no ideological or ethical compatibility with its manifesto. We have seen it in the form of 'Award Wapsee', raising the bogey of 'intolerance, backing the January 12 'revolt' of Supreme Court judges led by Justice J. Chelameswar, joining the unpatriotic sloganeering students of JNU and Delhi University, etc. **Now INC wants to be the B-Team to Karnataka's JD(S) with just 38 MLAs as against its own 78.** What a fall in political honesty! An immoral act of political opportunism and an unholy alliance ignoring the aspirations of people who voted for its candidates. **The unconditional surrender of Congress party to JD(S) reminded me of the unconditional surrender of Pakistan in the 1972 Bangladesh war.** No wonder the utterances of the Congress President Rahul Gandhi carry suggestions that India would soon be like Pakistan. Who knows? It might if he becomes the Prime Minister! God forbid such a fate for India.

As for National BJP, its handling of Karntaka BJP seems flawed on many fronts. **First, there seems to be an undercurrent of caste manipulation and presence of vested interest groups within Karnataka BJP.** It cannot use B.S. Yeddyurappa, an acknowledged BJP leader, for just votes and then leave him at a loose end to fend for himself to salvage a difficult situation like he faced in 2008 [remember 2011 and then 2013 when he formed KJP?] Now, after winning 104 seats for BJP as against 78 of Congress and 38 of JD(S), poor Yeddy was pushed into the arena knowing there were two lions for him to face in the form of Congress and JD(S). Except for Reddy brothers, no other BJP senior leader seemed to have worked (like D.K. Shivakumar of Congress) to help Yeddyurappa to bridge the small gap.

In retrospect, I feel that Yeddyurappa should have continued with his KJP and I am sure this time he would have got at least as many seats as BJP got without Yeddyurappa in 2013 — 40. And who knows he would have become the King-maker.

But these are **Ifs** and **Buts** of political history. My sympathies are with Yeddyurappa and my congratulations to H.D. Kumaraswamy. **Indeed, man seem to be a child of destiny in matters of birth, health, wealth, power and death.** So be it. We must learn to accept what we cannot change.

TAILPIECE: *This is what I wrote to a friend in Mumbai who had come to Mysuru to study the election. As for our opinions about the election, I am more inclined to agree with, I guess, Alexander Pope who said, "It is our reason as our watches are. None go just alike but each believes his own." In my graduate class, I was taught that in India agriculture is a gamble. I would say likewise in India election is also a gamble. And let us not forget cheating is also part of gambling!*

A Lake is not a tank; Leave it naturally

Lake watch programme held at Kukkarahalli Lake

Mysuru, May 20 (SV)- Kukkarahalli Lake Watch programme by naturalist U.N. Ravikumar was organised by Wild Mysuru at Kukkarahalli Lake premises in city this morning.

The programme began from the main entrance of the lake with an objective to admire the ecosystem around the lake and exchange knowledge about flora and fauna. The programme started at around 7.15 am and concluded at about 9 PM. The team took a small walk along the lake premises discussing the aspects of the lake and the various flora and fauna present there.

Speaking to *Star of Mysore*, U.N. Ravikumar said, "People need to develop the habit of appreciating the lake, environment and the ecosystem. I actually fell in love with this lake. This lake is the lungs of Mysuru City and is a living heritage. In this developing city, this Kukkarahalli Lake is an environmental window which makes people come to it to gain peace and feel related to the living organisms."

He further said that one could feel the climatic changes, enjoy the spring splendour, look at the beautiful Paradise fly catchers, admire the birds and mammals present in the lake premises. With advancement in technology and a greed towards development, people are actually spoiling the natural environment, he added.

"A lake should be left alone. It is not a tank. People have demands like electrifying the premises, introduction of boating etc. If we have such demands, this lake would have any meaning at all. A lake has its own way and property of cleaning itself. Leave it naturally. Many people from various places come to Mysuru and admire this beautiful lake.

Naturalist U.N. Ravikumar is seen explaining about the lake history to the participants of the lake watch programme at Kukkarahalli Lake here this morning.

Those people don't have such a beautiful ecosystem within their nearby reach. But many people over here dream of going to various other places. Instead, love the place where you live, make Kukkarahalli Lake an example. This lake which has a rich biodiversity is a world for the creatures themselves. We should thus conserve it," he said.

Speaking about the programme, he said, "I'm very happy to know that so many people are concerned about the lake and have come for this initiative. Only when one starts appreciating the things, will he develop a sense of belongingness."

The walk around the lake, witnessed people discussing about various trees, birds, plants, flowers, seeds etc. Dr. Sampath Kumar, a renowned Botanist was also present in the programme, who patiently explained the queries and helped in the identification of plants and trees.

Vinay, a M.Sc. Biochemistry student from JSS College, said, "The concept of Conservation programmes is to create awareness about the surrounding. When people get to know about the benefits of trees and plants and other organisms, they tend to develop interest towards these. This interactive session is an exchange of ideas as we have been discussing and sharing our knowledge about various aspects since this morning. If habitat loss is diminished then conservation can be done."

Bird enthusiast Tanuja, said, "This programmes is a learning process. Being in nature makes us happy and gives us energy to work every week. Once you start appreciating environment, you learn how to conserve it. In classrooms, they teach about monocotyledons, dicotyledons and other things. But when we bring students here and show them about the seeds, the various kinds of birds feet and beaks, they tend to learn better and store the information for a longer term. People are scared of bats. But bats are so helpful in keeping the mosquitoes population under control. More people should learn to appreciate lakes like these. If at all there is any threat to the lake or any sort of development activity that can hamper the ecosystem, we do not have to rush and look for support. The people should feel that this lake is theirs and must stand for its protection."

Wild Mysuru is a group started by Shylajesh, Chandra and Nisarga. They started a youtube channel 'Wild Mysuru' where they upload a short one to two minute videos related to wildlife, birds, lakes, flora, fauna,etc. This group has now evolved into a conservative programme and is creating awareness amongst the masses. Chandra speaking to *Star of Mysore,* said, "We wanted to show the people how the birds are in the environment, how the flowers bloom by the lake side, etc. People are curious to see those moments. We capture those moments and make short movies and upload it on Youtube."

The programme covered various aspects of discussion on flora and fauna, identification of trees and birds and conservative practices. Around 50 people belonging to various age groups took part in the programme.

Hectic Sunday for new CM

(Continued from page 1)

Coordination Committee: The post-election alliance of the JD(S) and Congress has 117 lawmakers. Kumaraswamy, who faces a delicate balancing act in allocating portfolios in his coalition government, may keep the finance portfolio with himself. People familiar with the matter said Congress leader Dr. G. Parameshwara is likely to become the Deputy Chief Minister and Home Minister.

Alliance sources said that a coordination committee would be formed to prepare a common minimum programme to implement the promises made by the two coalition partners.

Parleys between Congress and JD(S) have already started over the composition of the new dispensation. They are to work out the modalities, including formation of a coordination committee. Senior Congress leader Ghulam Nabi Azad is coordinating the discussions between the leaders of the JD(S) and the Congress, to hammer out finer details of the alliance, including the number of Ministers from each party.

With the Bahujan Samaj Party (BSP) having a pre-poll alliance with the JD(S), the lone BSP MLA N. Mahesh (Kollegal) is likely to get a berth. On his brother and former Minister H.D. Revanna being a part of the government, Kumaraswamy said, "Our party will decide on those who will be taken as Ministers and the Congress will draw its list."

Siddharamaiah to be a part of coordination committee

Sources said that former CM Siddharamaiah may play a key role in the Congress as the party, it is said, wants to leverage his "regional leader" status to its advantage. Siddharamaiah, the 69-year-old leader from the Kuruba community, became the first CM in four decades to complete a full five-year term.

Rich tributes paid to Dr. B. Satish Rai

Entrepreneur Dasharath Rai (son of Dr. Satish Rai), Music Director Gurukiran, former MLA Vasu, Star of Mysore ***Editor-in-Chief K.B. Ganapathy, retired IPS Officer L. Revannasiddaiah, Gopala Gowda Hospital Administrative Officer Rekha Murthy, Writer Lakshmi Parvathi and others are seen after paying floral tributes to the portrait of late Dr. Bellipadi Satish Rai here yesterday.***

Mysuru, May 20 (US&SBD)- Many people paid rich tributes to patient-friendly doctor, writer and art patron late Dr. Bellipadi Satish Rai, at a solemn function held at Ave Maria Golden Jubilee auditorium at Teresian College in Siddarthanagar here yesterday. Satish Rai died recently.

Speaking on the occasion, film producer and entrepreneur Sudhakar Bhandari opined that *Vaidyo Narayanahari* was a befitting description to Dr. Rai because he was really like God for the poor people who could not afford costly treatment.

He recalled that Dr. Satish Rai was very good in Sanskrit shlokas and had learnt Ayurveda medicine too, both from his (Rai) father while he was living in the village. He added that Dr. Satish Rai had prepared his own special medicine combining Allopathy and Ayurveda especially for the patients of chikungunya and dengue and gave the formula to some of his doctor friends so that they could in turn give this medicine to their poor patients and help them.

Paying tributes to Dr. Satish Rai, Editor-in-Chief of *Star of Mysore* K.B. Ganapathy recalled his long association with the doctor both as a friend and a patient. In these days where family doctors avoid visiting their disabled patients or patients in severe condition at their houses, Dr. Satish Rai would willingly go to the patient to their houses and treat them. That was the noblest quality Dr. Satish Rai had as a medical practitioner, he said.

He said that the news of Dr. Rai's passing away was too shocking for him adding that the doctor was a multi-faceted person and a role model for all family doctors. That was his legacy, said Ganapathy.

IPS officer Dr. Dharanidevi Malagatti said that Dr. Satish Rai had excelled himself both in the field of medicine and literature with many books to his credit specially the translation of Bhagavad Gita into Kannada. She hailed Dr. Rai as a straight forward person with full of humility.

Music Director Gurukiran, recalling his association with Dr. Rai as a family friend, said that Dr. Rai had made the medical profession truly noble defying commercialisation. Sister Mores of Teresian College recalled the medical service of Dr. Rai to the students of the college.

Divinity in 'Garuda'

Another close associate of Dr. Satish Rai retired IPS officer L. Revanasiddaiah said that Dr. Rai used to worship a 'Garuda' bird which used to come daily between 6.30 am and 7 am since 1992 and sit on the branch of tree in front of his house. Dr. Rai would come out of his house and offer prayers to the bird.

Revanasiddaiah said surprisingly he was told that the bird stopped coming to the doctor's house after his death. He also recalled how his school-going daughter was wrongly diagnosed by a famous city doctor who told him that the girl was suffering from tuberculosis.

"He had prescribed a series of injections which could be taken at home and when I got Dr. Satish Rai to my house for administering these injections, the doctor refused after examining the patient and said that my daughter was not suffering from tuberculosis. This saved my daughter from becoming deaf if those injections were given," said Revanasiddaiah.

Telugu writer Lakshmi Parvathi (wife of former Andhra CM N.T. Rama Rao) recalled her long association with the family of Dr. Satish Rai and condoled his passing away so suddenly.

Earlier, Dr. Rai's wife Asha Rai, son Dasharath Rai, granddaughter Aditi Rai, Sister Chinnaveni Rai, brother-in-law Dr. Mohandas Shetty and others offered floral tributes to a portrait of Dr. Satish Rai. Former MLA Vasu, entrepreneur Sudhakar Shetty, retired Police Officer Basavaraj Malagatti and others were present.

At Vijaya Vittala College

Karavali Yakshagana Kendra (KYK), Mysuru, Dakshina Kannada Zilla Sangha and Innovative Mysore together had organised a programme at Vijaya Vittala College in Saraswathipuram here this morning to pay tributes to late Dr. Satish Rai. Floral tributes were paid to a portrait of Dr. Satish Rai.

Yakshagana exponent G.S. Bhatta, KYK Secretary Raja G. Kanchan, artistes Jagadish Hebbar, DK Sangha President Sreenivasa Rao and others spoke about Dr. Satish Rai.

Mango Mela: Horticulture Department to talk with growers on May 23

Mysuru, May 20 (MTY&DM)- The Horticulture Department which has proposed to hold a mega 'Mango Mela' soon in city, will hold talks with mango growers on May 23.

Speaking to *Star of Mysore*, Senior Assistant Director of Horticulture Dinesh Kumar said the Mango mela is being held for several years now. But this year, the mela could not be organised until now due to elections. As the elections are over now, the department is thinking of organising the mela this month itself, for which the growers have been invited for a meeting that is to take place at 12 noon on May 23, during which the venue and dates will be finalised, he said.

Petrol, diesel touch all time high as oil companies hike rates

New Delhi, May 20- Petrol price today touched a record high of Rs 76.24 per litre and diesel climbed to its highest ever level of Rs 67.57 as the oil PSUs passed on four weeks of relentless rise in international oil prices to consumers.

Petrol price today increased by 33 paisa a litre in Delhi -- the highest since the daily price revision came into force in mid-June 2017, and diesel by 26 paisa, according to price notification issued by state-owned oil firms.

Rates vary from State to State depending on the incidence of local sales tax or VAT. With this increase, petrol has touched an all time-high, breaching the previous high of Rs 76.06 touched in Delhi on September 14, 2013. Diesel rates are also at the all-time high level.

This is the seventh straight day of price increase since oil PSUs on May 14 resumed daily price revision after a 19-day pre-Karnataka poll hiatus. In all, petrol price has been raised by Rs 1.61 a litre and diesel by 1.64 in last one week.

In Mysuru, the petrol rates this morning stood at Rs. 77.18 (old rate Rs. 76.84) and high-speed diesel at Rs. 68.46 (old rate Rs. 68.19)

Economic Affairs Secretary Subhash Chandra Garg refused to say if the government will cut excise duty on auto fuel to ease the burden on consumers. Asked if the government would cut excise duty on petrol and diesel, he had stated that he has nothing to say on that front. "Just watch."

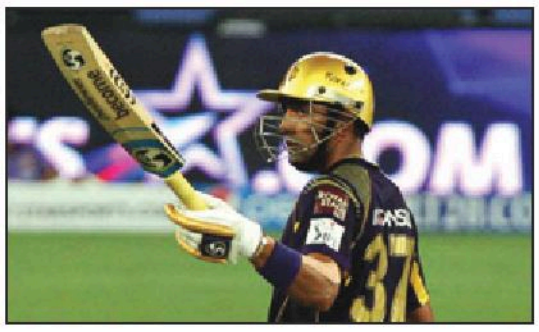
Hyderabad, May 20- Kolkata Knight Riders (KKR) made to the play-offs of the IPL with a five-wicket win over Sunrisers Hyderabad (SRH) yesterday, rising to the occasion and displaying in abundance the quality that sets apart a two-time champions.

Opting to bat, hosts SRH were restricted to 172 for nine after a flying start at the Rajiv Gandhi International Stadium.

Playing in their crucial final league game, KKR held their nerves to chase down a target of 173 with two balls to spare. If young medium pacer Prasidh Krishna's three wickets in the last over was highlight of KKR's rally with the ball, openers Chrish Lynn and Sunil Narine's scintillating start, scoring 52 runs in 3.4 overs, headlined the two-time winners' response with the bat.

While Lynn struck a brisk 55 off 43 balls with three sixes and four boundaries, Narine smashed 29 in just 10 to set up KKR's chase.

Robin Uthappa, who got a life early in his innings, contributed



45 off 34 balls, as the visitors became the third team to qualify for the play-offs after CSK and their tonight's opponents.

Chris Lynn was chosen as the Player of the Match.

RR SCORE OVER RCB

Young Shreyas Gopal spun a web around a star-studded Royal Challengers Bangalore (RCB) batting line-up with a brilliant four for 16, helping Rajasthan Royals (RR) to a 30-run victory to keep his side in the reckoning for a play-offs berth in the IPL in Jaipur on yesterday.

The 24-year-old leg-spinner led a fine bowling display by the home side as it shot RCB out for just 134 in 19.2 overs after opening batsman Rahul Tripathi had helped the Royals post a competitive 164/5 with a solid unbeaten 80 off 58 balls. The Royals opted to bat in their final league game. South African superstar AB de Villiers briefly threatened to take the game away in RCB's favour with a 35-ball 53 but Gopal and his bowling colleagues ensured Royals' victory.

Shreyas Gopal was chosen as the Player of the Match.

Karnataka State U-13 Chess

Sanjana triumphs

Mysuru's Hemadri finishes second

Shivamogga, May 20- Sanjana Raghunath of Bengaluru with eight points from nine rounds won the Karnataka State U-13 Girls Chess title in the Tournament conducted by Nalanda Chess Academy, Shivamogga, yesterday.

Mysuru girl Hemadri Sathish with 7.5 points secured the second place and was followed by 10 players with 6.5 points each and were placed from third to 12th in the rankings.

Mysuru's Prasiddhi Bhat (6.5 points - 8th place), S. Meghana (Mandya - 6.5 - 9th), P. Dhanyashree (Hassan - 5.5 - 20th), A.N. Shefali (Mandya - 5.5 - 24th), M.H. Yadvithi (Mandya - 5.5 - 28th), Sharadhi Shastry (Mysuru - 5 - 29th), Dhatri Umesh (Mysuru - 5 - 30th), Vindya Sridhar (Mysuru - 5 - 33rd), V. Deeksha (4.5), K.R. Sara (4.5) and K. Deeksha (4) fared well.

In the Open U-13 section, Samith Reddy, Arhan Chethan Anand and Tejas Suresh Kumar of Bengaluru tied with 7.5 points from nine rounds, but on the basis of his better tie-break score, Samith Reddy won the title. Arhan and Tejas finished second and third respectively.

Mysuru lad S. Vishwajith (6 points - 28th), M.G. Prameeth (6 - 31st), P. Karthik (5.5 - 42nd), N.C. Gambhir (5 - 64th), B. Nimish Raj (5 - 81st), M.S. Sujith (5 - 85th) and P. Ishanth (4.5 - 92nd) fared well.

THIS Week

Talented Skater: Rea Achaiah

Roller skating is a popular sport in Mysuru city and many roller skaters have gone on to do well in the National and International level. Our city's Rea Elizabeth Achaiah, a talented roller skater, performed well in the speed skating selection trials held at Gurugram recently, to represent the country and earned selection to represent India in the World Speed Skating Championships in the women's section to be held at Netherlands and Asian Speed Skating Championships to be held at South Korea later this year. She is our *'Star This Week.'*

Rea Achaiah took part in the selection trials head at Gurugram from May 7 to 11 and secured the selection on the basis of her performance in the speed trials.

Earlier this year, she took part in the Nationals and performed well. She is the daughter of K.N. Achaiah and Priya Achaiah. A product of the Rao's Roller Skating Centre, Mysuru, she is being coached by Indian coach and Ekalavya Awardee K. Srikantha Rao.

Starting to skate at a young age of four years, Rea has improved on her performances from time to time in different age category championships in the State and National level. She has so far won 79 gold, 10 silver and 4 bronze medals in the State-level.

Rea Achaiah

Rea has been crowned Individual Champion in the sub-junior and junior level in the District Championships many a times. In the National level, Rea has won 10 golds, 2 silver and 2 bronze medals in 6 Championships.

Along with Roller Skating, Rea also takes part in Ice Skating Championships. She participated in the National Ice Skating Championship in Simla in 2013-14 and has won three gold medals and in the year 2015-16 Championships at Gulmarg, she won two gold medals.

A Balshree Award winner, Rea is also a good student and played throwball and basketball for her school team. Rea was one of the three skaters who had been selected and invited by the Korean Government to represent India in Ice Skating 'Dream Program 2015' which was held in Seoul, South Korea in February 2015.

She represented India in the 17th Asian Roller Skating and Speed Skating Championship held at China in 2016 ad she secured 4th place in the relay.

Rea won a gold in the 12th National Ice Skating Championship held at Delhi in 2017. A talented roller skater and ice skater, Rea intends to work hard in the days to come and aims to win medals for our country in the International level.

Rotary-Yashaswi Pratibha Puraskar

Mysuru, May 20 (SPN&US)- "Marks alone should not be the yardstick in the life of a student," opined Dr. Nilagiri M. Talwar, Director, Kuvempu Institute of Kannada Studies (KIKS). He was speaking after presenting Rotary-Yashaswi Pratibha Puraskar to over 12 meritorious students who had excelled in the SSLC and PUC examinations at a function organised jointly by Rotary Mysore North and Yashaswi Foundation at Rotary Hall on JLB Road here on Friday.

Dr. Talwar advised students not to be confined to just marks but suggested them to participate in extra curricular activities to hone communication skills.

He also asked students to focus on human and social values.

Rotary Mysore North President Rajashekar Kadamba, Secretary B.R. Shivakumar, Yashaswi Foundation Chief S. Somashekar and others were present.

University of Mysore Ph.D awardees

Mysuru, May 20- The University of Mysore (UoM) has awarded Ph.D in Microbiology to **M. Supreeth** for his thesis 'Biotranformation Studies of Chlorpyrifos and Endosulfan Using Indigenous Microorganisms' submitted under the guidance of Dr. N.S. Raju.

Prasanna has been awarded Ph.D in Kannada by the UoM for his thesis 'Dalita Bandaya Sannakategalallina Janapada Pragne' submitted under the guidance of Dr. M. Nanjaiah Honganuru.

Dorin D'Souza has been awarded Ph.D in Microbiology by the UoM for her thesis 'Characterisation of an active principle from Justice Wynaadensis (NEES) T. Andes Diabetes Associated Microbial Complication submitted under the guidance of Dr. N. Lakshmidevi.

B. Sreenivasa has been awarded Ph.D in Sericulture Science by the UoM for his thesis Investigations on the Incidence and Abundance of Insect Pests of Mulberry as Influenced by Agronomic practices in Kolar District, Karnataka State' submitted under the guidance of Dr. D. Manjunath].

Staging of English play 'Stage Chemistry' tomorrow

Mysuru, May 20- Children's Literary Club, Mysuru, has organised staging of the play *'Stage Chemistry: Neuro-Psychiatric Disorders on Stage'* in English at Rotary West School auditorium in Saraswathipuram here on May 21 at 7 pm.

Concept, script and direction by Club Director Dr. R. Purnima; **Cast:** Dr. R. Purnima, M.N. Shashidhar Simha, Dr. Nima Manjrekar, Anuradha Nandakumar, B.R. Ravish, S.K. Lakshminarayan (Babu), Srimathi Hariprasad, Sandhya S. Kumar, H.S. Sharada, Jayashree Nagabhushana, Divijaa Arjun, Dishaa Arjun, P. Ganhavi, P. Vardhini.

About the play: This play is an attempt to foster two cultures and reduce the culture divide. It is interdisciplinary in nature. It is a theatrical representation of Neuro-Psychiatric Disorders, in which actors play multiple roles. It is not Drama Therapy per se. The main objective is to motivate the viewer to get involved, facilitate growth, promote mental health, and achieve catharsis, so that the world becomes a better place to live in for those affected.

The other unique feature of the play is that if the senior most actor is 80 plus, the youngest is less than 8.

About Children's Literary Club (CLC): A voluntary organisation founded by Dr. R. Purnima in 1990 at Mysuru, CLC has been contributing to the comprehensive development of children, especially the marginalised. CLC has been instilling hope for the future, in the young community brought together with no class or caste discrimination.

The primary goal of the Club has been to educate children beyond curriculum, to initiate the young to new knowledge and for further exploration on their own.

The programmes are designed to fulfil the twin obligations, dulce et utile, delight and instruction.

The Club has taken its programmes to all the 30 districts in the State. Conducting training workshops for teachers, young adults, adult students/scholars is a part of the Club's activities.

Ice Apples (Thatiningu) enter city to beat summer heat

Mysuru, May 20 (YDS&US)- With city experiencing hot summer month, to get hydrated, people often go for water-rich fruits. Falling in line in that category is Toddy Palm or Ice Apple (Thatiningu) of Tamil Nadu origin. Push carts selling the Ice Apples are a common sight on roads in city now.

Ice Apple popularly known as poor man's tender coconut is not just meant to quench the thirst but has a good solid content to fill the stomach too with good nutrition value.

Ice Apples are usually grown in Salem and Dharmapuri in Tamil Nadu with yield in Summer months.

The tree is very robust and can reach a height of about 30 meters. The fleshy fruit looks like a small tender coconut and coloured brown to black. Each fruit contains one to three seeds each enclosed in a wood-like cover. The seeds should be taken out like those from a jack fruit, cover removed and eaten.

About 50 people are selling the Ice Apple in city mostly near Fountain Circle, near Palace, in front of Law Courts, near Crawford Hall, in extensions and other places. The vendors say that they sell from 10 am to 9 pm grossing Rs.100 to Rs.2,000 a day from each cart with Rs.30 a fruit.

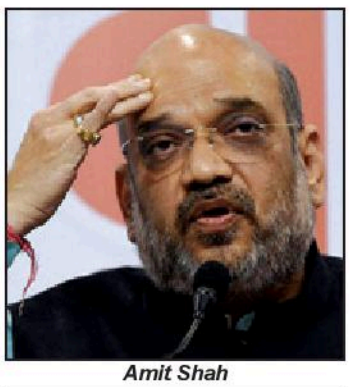
BJP would have arranged more seats in 15 days, says Shah

New Delhi, May 20- Chief Minister B.S. Yeddyurappa could have been able to prove majority if he had a fortnight to face the test of strength. Because, BJP President Amit Shah said yesterday, many Legislators of the Janata Dal (Secular) would have sensed the public mood in their constituencies against the "unholy" alliance with the Congress and supported the BJP government on their own.

Shah rebutted the Congress-JD(S) accusation that it had been trying to lure their Legislators with bribes running into crores of rupees. If this had been true, the party would have managed to reach the majority mark, Shah said to a private TV channel in the national capital.

"Had we got the 15-day period to prove our majority, their party MLAs would have gone to their constituencies and they would have changed their mind," Shah said, according to a statement by the television channel. But they were locked away by their parties in hotels and elsewhere, he said.

Leaders of the Congress-JD(S) combine say they had to shield their Legislators from pressure plied by the BJP to



Amit Shah

engineer defections. Over the last two days, the Congress has backed up its allegation with audio tapes, of what it claimed, were a recording of phone calls received from BJP leaders including Janardhan Reddy, the scam-tainted mining baron from Ballari.

H.D. Kumaraswamy, who was invited by the Governor to become Chief Minister on Saturday evening, had earlier alleged some of his party's lawmakers had received offers of Rs.100 crores in cash and Ministerial berths in exchange for their support.

Amit Shah, considered the BJP's master strategist, also denied that the BJP would try to pull down the alliance government. He, however, predicted that the government would not last long due to internal pressure that would pull it in different directions. "You just wait for one year," he said, prophesying a major victory for the BJP in the next elections held in the State.

"Such a government will not last long in the State. Congress leaders have themselves not accepted their alliance with JD(S)," said Shah, whose party has been accused for trying to bribe or arm-twist legislators into supporting Yeddyurappa.

Nayaka Community demands Dy.CM post

Mysuru, May.20 (PM&DM)- With the Congress-JD(S) alliance all set to form Government in the State, the Nayaka Community has sought the appointment of senior Congress MLA from Belagavi Satish Jarkiholi as the Deputy Chief Minister (Dy.CM).

Addressing a press meet at Pathrakartara Bhavan here this morning, Karnataka Rajya Nayaka Hitarakshana Vedike President Dyavappa Nayaka said that Community MLA Satish Jarkiholi has been elected for several terms from Belagavi district and the Congress-JD(S) Government should appoint him as the Dy.CM considering his seniority.

Pointing out that 10 Nayaka Community MLAs were elected from Congress and JD(S) in the Assembly polls, he also demanded induction of at least three community MLAs, including senior Congress leader V.S. Ugrappa as Ministers.

Srirampura GP President Choodamani, Community leader Raghu S. Yadakola and others were present at the press meet.

Kannada Okkuta demands revival of Police Complaints Authority

Mysuru, May 20 (PM&DM)- Alleging that the Police Complaints Authority has been inactive for the past couple of years, Mysuru Kannada Okkuta has urged the Government to revive the Authority in order to provide justice to the complainants.

Addressing a press meet here this morning, the Okkuta Convenor Rajesh Godi alleged that most of the Police Stations were taking their own time in granting permissions for staging protests, demonstrations, etc.

Stating that staging of protests was a fundamental right of every citizen, he urged the Police Department for speedy issuance of permission for staging the demonstration.

Okkuta's Arvind Sharma, Mahadevaswamy and others led the protest.

Rural postal employees to stage indefinite stir from May 22

Mysuru, May. 20- Demanding implementation of the recommendations of the Seventh Pay Commission, rural Postal employees, under the banner of All India Gramin Dak Sevaks Union (AIGDSU), will stage an indefinite stir from May 22.

Accusing the Central Government of ignoring the just demands of Dak Sevaks who toil hard covering nearly 15 villages a day travelling over 50 kms, they also sought the implementation of Kamalesh Chandra Commission Report, which has been sent to the Union Cabinet.

For details, contact Mob: 97312-59627 or 99729-40921, according to a press release.

WORD OF THE DAY

Winsome

Pronunciation: WIN-sum

Meaning: Generally pleasing and engaging often because of a childlike charm and innocence; cheerful, light-hearted.

Origin: Winsome began as wynsum many centuries ago. It was formed from wynn, the Old English word for "joy" or "pleasure," and the suffix -sum, an older form of the -some we see today in many adjectives, such as awesome, irksome, and lonesome. Wynn later became win, meaning "pleasure," but that noun is now obsolete. We do, however, use another word that has a "pleasing" connection and is related, albeit distantly, to winsome. Winning ("tending to please or delight," as in "a winning smile" or "winning ways"), the present participle of the familiar verb win, is from Old English winnan, meaning "to struggle." Both winnan and wynn are thought to be related to Latin venus, which means, among other things, "charm."

THE ODD WORD

Bibble

To drink often; to eat and/or drink noisily.

IDIOM OF THE DAY

See Eye to Eye

Meaning: Agreeing with someone; be in full agreement.
Origin: The idiom 'See Eye to Eye' is used when you view something in the same way as others do, or that you agree with someone about something. While many idioms are relatively new, the origin of the idiom 'See eye to eye' is quite old; in fact, it's ancient and is found in the Bible. In Isaiah 52:8, we read "The voice of your watchmen—they lift up their voice; together they sing for joy; for eye to eye they see the return of the Lord to Zion."
Example: "I'm glad that we see eye to eye on the project's details."

QUOTE BOX

"My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humour, and some style."

—Maya Angelou

RIDDLE THIS

A man shaves several times a day, yet he still has a beard.
Who is this man?

Answer: A barber.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

NTYF DG PCF JDBBDEKNP AFLNDVLPDTW PCLP

GTQFPCDWI TPCFA PCLW TWFGFNB DG AFLN

TODAY'S CLUE: D EQUALS I

Yesterday's Cryptoquip: I do not want people to be agreeable, as it saves me the trouble of liking them.
